GUIDELINES OF “ASSISTANCE TO TRAINING INSTITUTIONS” (ATI) SCHEME

1. BACKGROUND

1.1. The Micro, Small and Medium Enterprises (MSMEs) sector is highly vibrant and dynamic sector of the Indian economy. MSMEs not only play crucial role in providing large employment opportunities at comparatively lower capital cost than large industries but also help in industrialization of rural & backward areas, thereby, reducing regional imbalances, assuring more equitable distribution of national income and wealth. MSMEs are complementary to large industries as ancillary units and contribute enormously to the socio-economic development of the country.

1.2. The Ministry of Micro, Small and Medium Enterprises (M/o MSME) promotes the development of micro and small enterprises in the country with the objective of creating self-employment opportunities and upgrading the relevant skills of existing and potential entrepreneurs. In order to promote establishment of new enterprises and creation of new entrepreneurs M/o MSME has been implementing various schemes and programmes.

1.3. Entrepreneurship development is one of the key elements for promotion of micro and small enterprises, particularly, the first generation entrepreneurs. Entrepreneurship, and resultant creation of employment and wealth, is a major means for inclusive development. Hence, entrepreneurship development has been one of the priorities in countries the world over.

1.4. In order to ensure that young entrepreneurs are encouraged and suitably equipped to go into new ventures, the Government has been providing assistance for establishment of Training Institutions/ Entrepreneurship Development Institutes (EDIs) for imparting entrepreneurship and skill development training. These institutions have been providing entrepreneurship and skill development training to the first generation entrepreneurs and helping and supporting them in the establishment of their enterprises. Government makes consistent and concerted efforts to accelerate and promote entrepreneurship by providing support for strengthening of training infrastructure as well as programme support.
