Centrally Sponsored Scheme of Pradhan Mantri Adarsh Gram Yojana(PMAGY)

GUIDELINES

1. Background

1.1 Scheduled Castes (SCs), who constitute 16.6% of our population as per 2011 Census, have historically suffered social and educational disabilities and economic deprivation arising therefrom. Accordingly, special provisions have been enshrined in the Constitution for advancement of their interests. These provisions range from measures to remove any kind of social disabilities imposed on them to ensure equality of opportunity in every sphere, to measures of positive discrimination to bring them on par with rest of the population.

1.2 Securing "to all its citizens, JUSTICE, Social, Economic and Political" is the first goal mentioned in the Preamble to the Constitution of India. Article 46 of Part IV ("Directive Principles of State Policy") of the Constitution enjoins upon the State to promote with special care the educational and economic interests of the weaker sections of the people, in particular, of the Scheduled Castes and the Scheduled Tribes. Article 38 (2) in the same Part also enjoins upon the State to minimize inequities in income, and to endeavor to eliminate inequalities in status, facilities and opportunities, not only amongst individuals but also amongst groups of people residing in different areas or engaged in different vocations. The various special safeguards provided in the Constitution for Scheduled Castes are listed at **Annexure-I**.

1.3 The Government has hence taken a number of initiatives for development of SCs, which have yielded positive outcomes, and have also resulted in narrowing the gap between the Scheduled Castes and the rest of the population. One of the important initiatives is that of earmarking budget for welfare of SCs both at the Central level and at the State level as part of the Allocation for Welfare of SCs(AWSC) and Scheduled Caste Sub Plan (SCSP) respectively. Apart from this, the Ministry of Social Justice and Empowerment is implementing schemes intended for educational, economic and social empowerment of SCs which is listed at **Annexure-II**. There are many other programmes of the Government which, though covering all social groups, are especially relevant for SCs. Some of such programmes of the Central Government other than those of the Ministry of SJ&E, which are especially relevant for SCs, have been summarized at **Annexure-III**.

1.4 However, the objective of bringing SCs on par with the general population is still far from being achieved, particularly due to the lack of convergence in implementation of the Schemes. The gap between the SCs and the total population, measured in terms of indicators of socio-economic and educational development as well as in access to basic amenities is summarized in a statement at **Annexure-IV**.

1.5 Further, the focus of most welfare Schemes of SCs has been mainly centered on individual beneficiaries rather than on the integrated development of SC pockets. According to the census of 2011, the population of SCs is 20.14 cr. which, as mentioned above, constitutes 16.6% of the total population. The highest proportion of SC population is in Punjab. **Annexure-V** gives, in descending order, State/UT-wise percentage of SC population. According to Census 2011, 46,844 villages have >50% of SC population. The State/UT-wise number of such SC majority villages, is at **Annexure VI**.

1.6 To enable an area approach, a new scheme called the Pradhan Mantri Adarsh Gram Yojana (PMAGY) was launched on a Pilot basis during 2009-10, following the Finance Minister's

declaration in his Budget Speech delivered on 6.7.2009. The Scheme aims at integrated development of villages in which the population of Scheduled Castes is above 50%. A total of 1000 villages from Tamil Nadu (225), Rajasthan (225), Bihar (225), Himachal Pradesh (225) and Assam (100) were selected for the Pilot phase.

1.7 During 2014-15, PMAGY was further extended to cover another 1500 villages across 11 States namely Andhra Pradesh (7), Assam(75), Chhattisgarh (175), Jharkhand (100), Haryana (12), Karnataka (201), Madhya Pradesh (327), Odisha (175), Punjab (162), Telangana (6) and Uttar Pradesh(260).

2 Vision of an 'Adarsh Gram'

An 'Adarsh Gram' is one wherein people have access to various basic services so that the minimum needs of all the sections of the society are fully met and disparities are reduced to a minimum. These villages would have all such infrastructure and its residents will have access to all such basic services that are necessary for a dignified living, creating thereby an environment in which everyone is enabled to utilize her/his potential to the fullest.

3 Objectives of the Scheme

3.1 The objective of this Scheme is to ensure integrated development of the selected villages with more than 50% SC population so that, inter alia, there is:

(a) Adequate Infrastructure:

All requisite infrastructure necessary for the socio-economic development needs are to be provided under the Scheme.

(b) Improvement in Socio-Economic Indicators

The identified socio-economic indicators, known as Monitorable Indicators, are to be improved so that the disparity between SC and non-SC population is eliminated and the level of indicators is raised to at least that of the National average. More specifically, all BPL SC families should have food and livelihood security, all SC children should complete education at least up to the secondary level, all factors leading to maternal and infant mortality are addressed and incidence of malnutrition, especially amongst children and women, is eliminated.

3.2 The particulars of the 50 Monitorable Indicators under 10 domains are listed in the next para. These 10 domains are:

- i) Drinking water and Sanitation
- ii) Education
- iii) Health and Nutrition
- iv) Social Security
- v) Rural Roads and Housing
- vi) Electricity and Clean Fuel
- vii) Agricultural Practices etc.
- viii) Financial Inclusion

- ix) Digitization
- x) Livelihood and Skill Development

4 Monitorable Indicators

4.1 The primary objective of the Scheme is to improve the following 50 Monitorable Indicators under the 10 different domains:

Sl.	Domain/ Particulars of Monitorable indicators	Benchmark	Scoring System
1.	Drinking Water and Sanitation		
1.1	Whether adequate sustainable drinking water sources to cover the village are available? (Yes/No)	Yes=100% No=0%	2 0
1.2	% of households provided with clean drinking water	>75% 50-75% <50%	2 1 0
1.3	% of households having Individual Household Latrines (IHHLs)	100% <100%	2 0
1.4	Have toilets been provided in all schools and Anganwadis in the village? (Yes/No)	Yes=100% No=0%	2 0
1.5	Whether people are still defecating in the open in the village? (Yes/No)	Yes=100% No=0%	2 0
1.6	% of drains available along all internal roads	>75% 50-75% <50%	2 1 0
1.7	% of existing drains functioning	>75% 50-75% <50%	2 1 0
1.8	% of solid and liquid waste being disposed of effectively	>75% 50-75% <50%	2 1 0
2.	Education		

2.1	% of children (6-10years), both boys and girls, attending primary schools	100% <100%	2 0
2.2	% of children (11-13 years), both boys and girls, attending middle school	100% <100%	2 0
2.3	% of children (14-15 years), both boys and girls, attending secondary school	100% <100%	2 0
2.4	% of children (16-17 years), both boys and girls, attending higher secondary school	100% <100%	2 0
2.5	% of children (18-23 years), both boys and girls, attending post higher secondary education	100% <100%	2 0
2.6	% of SC children (out of those attending school & eligible) receiving pre-matric scholarship	100% <100%	2 0
2.7	% of SC children (out of those pursuing post matric education and eligible) receiving post-matric scholarship	100% <100%	2 0
3.	Health and Nutrition		
3.1	% of eligible households covered under any Health Protection Scheme	100% <100%	2 0
3.2	Is an emergency Ambulance facility available on call? (Yes/No)	Yes=100% No=0%	2 0

3.5	% of low birth weight children born during the last one year	0% >0%	2 0
3.6	% of full immunization of children (< 1 year)	100% <100%	2 0
3.7	% of underweight children (0-5 years) in the village	0% >0%	2 0
3.8	How many pregnant women died during the last one year?	Nil	2
3.9	How many children (< 1 year) died during the last one year?	Nil	2
3.10	% of persons with communicable diseases getting treatment as per protocol	100% <100%	2 0
3.11	Whether all Anganwadis are constructed? (Yes/No)	Yes=100% No=0%	2 0
4.	Social Security		
4.1	% of eligible women provided with Widow Pension	Yes=100% No=0%	2 0
4.2	% of eligible persons provided with Old Age Pension	Yes=100% No=0%	2 0
4.3	% of eligible persons provided with Disability Pension	Yes=100% No=0%	2 0
5.	Rural Roads and Housing		
5.1	Is the village connected by all-weather roads? (Yes/No)	Yes=100%	2

		No=0%	0
5.2	% of internal roads that are CC/brick top/ Pakka/Tiled	>75% 50-75% <50%	2 1 0
5.3	% of households living in Kachcha/unsafe houses	Yes=100% No=0%	2 0
6.	Electricity and clean fuel		
6.1	Whether the village has been electrified? (Yes/No)	Yes=100% No=0%	2 0
6.2	% of households having electricity connection	>75% 50-75% <50%	2 1 0
6.3	% of households using at least one LED bulb	>75% 50-75% <50%	2 1 0
6.4	% of households having gas connection	>75% 50-75% <50%	2 1 0
6.5	% of internal roads having street lights	>75% 50-75% <50%	2 1 0
7.	Agricultural Practices etc.		
7.1	% of eligible farmers provided with Soil Health Card	>75% 50-75% <50%	2 1 0
7.2	Extent (in %) of organic farming practices adopted	>75% 50-75% <50%	2 1 0
7.3	Extent (in %) of watershed management practices adopted	>75% 50-75% <50%	2 1 0
8.	Financial Inclusion		
8.1	% of village population (>5 years) having Aadhaar identification	100% <100%	2 0
8.2	% of households having accounts in Banks/Post Office	>75% 50-75% <50%	2 1 0
8.3	% of eligible persons covered under Pradhan Mantri Suraksha Bima Yojana	>75% 50-75% <50%	2 1 0
8.4	% of eligible persons covered under Pradhan Mantri Jeevan Jyoti Bima Yojana	>75% 50-75% <50%	2 1 0
9.	Digitization		
9.1	Does the village have access to Internet connectivity? (Yes/No)	Yes=100% No=0%	2 0

9.2	Does the village have a Common Service Centre or Cyber Café? (Yes/No)	Yes=100 % No=0%	2 0
9.3	% of eligible persons who are digitally literate	>75% 50-75% <50%	2 1 0
10.	Livelihood and Skill Development		
10.1	% of eligible youth undergoing skill development	>75% 50-75% <50%	2 1 0
10.2	% of eligible youth who have been able to avail bank linked loans	>75% 50-75% <50%	2 1 0
10.3	% of households which have at least one member as a member of any SHGs	>75% 50-75% <50%	2 1 0
Maximum Score			100

4.2 These Monitorable Indicators will be taken into account while collecting the baseline data, monitoring the progress and declaring the selected villages as 'Adarsh Gram'. Each of the Monitorable Indicator is expected to be above the benchmark in order to obtain a Score of 2. A village can thus achieve a maximum Score of 100.

5 Approach and Strategy

5.1 Integrated development of selected villages will sought to be achieved primarily through implementation of the existing schemes of Central and State Governments in a convergent manner thereby ensuring access to quality services as well as infrastructure development. Gap filling funding will be provided for meeting special requirements of the village with an expectation of convergence of at least three to four times of 'Gap-filling' fund from existing Central/State Schemes or with matching grants from State Governments.

5.2 *Usually a certain number of SC majority Villages will be taken up for integrated development every year depending upon various factors e.g. willingness of State/UT Govts. to implement the Scheme, availability of funds, status of UCs, unspent balances etc. The funds released under "Gap-filling" component in these selected villages will be utilized within a period of **Two(02)** years from the date of release. However, the monitoring of convergence implementation would be done for another **Three(03)** years to continue efforts for improving the socio-economic indicators. Thus, while funds released under PMAGY are to be utilized within **Two(02)** years period from the date of release, the Monitorable Indicators, however, will be reviewed for a total period of **Five(05)** years.*

5.3 *Even while villages selected in a particular year achieve a certain level of development after implementation of the Scheme, they may aspire to improve further and hence these villages can again be included under the Scheme in coming years for receiving multiple rounds of funding for different sets of goal provided that the VDP is successfully completed in overall period of five years (2+3) and inspected independently by Ministry having Inspection Report is outstanding.*

5.4 As convergence is crucial to integrated development, Convergence Committees will be

constituted at the Village, District and State to implement PMAGY.

6 **Components of the Scheme:** The Scheme will thus have two components as under:

6.1 **Convergence of Schemes:** The twin objectives of providing adequate infrastructure and improving socio-economic indicators will be sought to be achieved by convergence of Schemes. The development deficit of the selected village arising out of the baseline data vis-à-vis the Monitorable Indicators will form the basis of convergence between the various existing Central as well as State Government Schemes. An indicative list of Schemes that need to be converged for development of infrastructure and socio-economic programmes is at **Annexure II** and **Annexure III**.

6.2 **'Gap-filling':** *The identified infrastructure developmental requirements of the selected villages as per Format II, which cannot be met under any of the existing schemes of the Central as well as State/UT Governments, would be undertaken from 'Gap-filling' funds under this Scheme. Activities only of non-recurring nature and used for community purpose would be funded through the 'Gap-filling' component.*

7 **Preparation of Village Development Plan (VDP):**

7.1 The purpose of the VDP is to prepare a comprehensive, realistic and practical blueprint for development of the selected Village into an 'Adarsh Gram' in a time-frame of about five years. The starting point for preparation of the VDP will be to carry out Needs Assessment of the important developmental needs for the village as a whole and for all the families/ individuals and for whom household survey will have to be carried out.

7.2 The Needs Assessment will get reflected in Format I, II, III-A and III-B. While Format I captures the Village level Data and Format II captures the Village level Infrastructural needs, Format III-A captures the Family/Individual needs. Format III-B is a consolidation of Format III-A and thus captures the Family/Individual needs at the village level. As such Format II and Format III together capture information for each of the Monitorable Indicators listed in para 4. Format II and Format III-B also together capture the Action Plan proposed for fulfilling the Infrastructure and Family/Individual needs (gaps) for each of the Monitorable Indicators.

7.3 The Village Development Plan (VDP) is to be prepared as per Format IV, V and VI. Format IV and V are a consolidation of the Action Plans already captured in Format II and III-B and hence reflect the VDP for Infrastructure and Family/Individual needs respectively. Format IV and V also serve to monitor monthly progress of fulfilling the needs.

7.4 While planning for infrastructure it is to be noted that funds can be accessed from Central Schemes, State Schemes, PMAGY and also from SCA to SCSP Scheme and the same have to be specified in Format IV. Also, in the case of four Monitorable Indicators listed at 3.4, 3.5, 3.8 and 3.9 under para 4.1, only reasons for such gaps can be captured in Format III-A, III-B and V.

7.5 Format VI reflects the status of Monitorable Indicators. If this is based on the initial needs assessment, Format VI will be a reflection of the baseline position of the Monitorable Indicators. As and when needs are addressed, the socio-economic indicators will improve and hence Format VI can be accordingly updated. If needs assessment is carried out every year, Format VI can then be comprehensively updated but in the meanwhile it can be updated monthly based on monthly

progress captured in Format IV and V.

7.6 The whole exercise of the Need Assessment, data collection, gap analysis and preparation of VDP will be done by the Village PMAGY Convergence Committee. The VDP duly approved by the Gram Sabha of the village will be submitted to the District PMAGY Convergence Committee for further approval. While granting approval the District PMAGY Convergence Committee would ensure that the VDP is a robust plan with adequate and suitable convergence with other Schemes for saturating the infrastructure needs of the village and would lead to desired improvements in the Monitorable Indicators. Thereafter, it would be made a part of the Gram Panchayat Development Plan (GPDP).

8 Selection of States and Villages

As per the Census 2011, there are 46844 villages having >50% Scheduled Castes population. These villages are spread over 570 districts of 25 States & UTs. Out of the villages having >50% SC population, only those with a total population ≥ 500 will be eligible for selection in descending order of their SC population in the first instance under the Scheme.

9 Funding

9.1 An amount of Rs.21.00 lakh per village will be provided for new villages by the Central Government, out of which, Rs.20.00 lakh would be for carrying out activities under the 'Gap-filling' component in selected villages. The balance amount of Rs.1.00 lakh per village would be for administrative and other expenses i.e. technical resource support, training and capacity building, awareness generation, publicity etc. at Central, State, District and Village level, and for development and maintenance of an MIS at Central level, which will be distributed amongst Centre, State, District and Village in a ratio of 1:1:1:2. This fund would be provided either from the budget of PMAGY or from the infrastructure head of the Scheme of SCA to SCSP through convergence mode.

9.2 The State Governments are expected to converge at least 3 to 4 times of Gap filling fund from other Centrally Sponsored Schemes and State Schemes, or even State Share, so as to saturate the villages with basic infrastructure.

9.3 Further, for continuous development of the villages already covered under the earlier phases, there would be a component of an additional round of funding of Rs. 10 lakh per village from the infrastructure head of the Scheme of SCA to SCSP in convergence mode. Out of this, Rs.9.50 lakh per village would be utilized for 'Gap-filling' component and Rs.0.50 lakh per village will be distributed amongst the Centre, State, District and Village in a ratio of 1:1:1:2 for Administrative and other expenses.

10 Flow of Funds

10.1 *Financial assistance under the Scheme will be released by the Central Government to the States/UTs in two installments. The first installment, up to 50% of the admissible grant, will be released immediately on selection of the villages to enable State/UT Governments to carry out capacity building, awareness generation, need assessment, preparation of Village Development Plans including the works identified for undertaking from the 'Gap-filling' funds. The balance admissible Central Assistance would be released in respect of the VDPs finalized by the Gram Sabhas as 2nd installment.*

10.2 Initially, the State Government/UT Administration will release the entire admissible funds under 'Administrative Expenses' to the District Administrations for carrying out capacity building, administrative expenses, awareness generation and initiating non cost based activities. Thereafter the entire admissible funds under the 'Gap-filling' component i.e. Rs.20.00 lakh per village will be released by the State Government to the District Administration once the VDP of the selected villages is approved by their DLCC so that the planned works can be executed without any delay. ~~The District Administration, in turn, will release funds to the Gram Panchayats and other line Departments for execution of identified infrastructure works under VDP.~~

10.3 ~~DELETED.~~

11 Technical Resource Support

11.1 At the National level, the National Institute of Rural Development & Panchayati Raj (NIRD&PR), Hyderabad, will provide technical resource support for the Scheme.

11.2 Similarly, at the State and District levels, the State Institute of Rural Development (SIRD) /Extension Training Centers (ETCs) of NIRD&PR or any other reputed Institutions as identified and selected by the States/UTs, will provide technical resource support for the implementation of the Scheme.

11.3 These institutions will perform, inter alia, the following functions:

1. Orientation of State Government officials and key functionaries at District Level.
2. Preparation of training modules for key functionaries at different levels.
3. Training of key functionaries involved in planning, implementation and monitoring of the Scheme at all levels.

12 Training and Capacity Building

Convergent implementation of the ongoing Central and State Plan Schemes in PMAGY villages will require identification of the village needs, systematic listing of all Central & State Plan Schemes relevant for development of the PMAGY villages and preparation of the VDPs accordingly. Thus a clear understanding needs to be developed regarding the basic features of each of the above Schemes by persons and bodies responsible for planning, implementation and monitoring of PMAGY. The State Governments will take up necessary training and capacity building of the Scheme functionaries at all levels with the help of Institutes providing technical resource support.

13 Awareness Generation and Publicity

Awareness generation through Information, Education and Communication (IEC) in the selected villages and in the concerned Blocks and Districts should be undertaken by the State Government /UT Administration to give wide publicity to the Scheme. Besides, social messages on aspects relating to the various socio-economic indicators of hygiene, health, nutrition etc. can be disseminated.

14 Advisory Committees at the Central and State level

14.1 For over-all guidance and monitoring of the Scheme, Advisory Committees would be established at the Central and State level. The Central Advisory Committee would be headed by the

Union Minister of Social Justice and Empowerment (SJ&E). The State Advisory Committee may be headed by the State Minister for SJ&E. These Committees may have a suitable number of public representatives, besides representatives of concerned Ministries/Departments and bodies. Composition of the Central and State Advisory Committees is at **Annexure VII**.

14.2 The Advisory Committees may meet once every quarter but not less than twice in a year and will perform the following functions:

1. Address broad policy issues and ensure convergence in the implementation of the Scheme,
2. Monitor implementation of the Scheme, and
3. Issue supplementary implementation guidelines from time to time.

15 Steering-cum-Monitoring Committees at the Central and State Level

15.1 At the level of Central and State Governments Steering-cum-Monitoring Committees will be established, which will perform the following functions:

1. Address day-to-day broad policy issues and ensure convergence in implementation of the Scheme,
2. Monitor implementation of the Scheme, and
3. Issue supplementary implementation guidelines from time to time.

15.2 Composition of the Central and State Steering-cum-Monitoring Committees is at **Annexure VIII**. These may meet once every quarter but not less than twice in a year.

16 PMAGY Convergence Committees at the State, District and Village level

16.1 The PMAGY Convergence Committees will play a key role in the successful implementation of the Scheme. These Committees will ensure that PMAGY funds serve the purpose of gap filling while saturation in infrastructure and improvement of socio-economic indicators is achieved by way of convergence with various Central and State Schemes.

16.2 The Convergence Committees will also ensure that Need Assessment is carried out as per Formats I, II, III-A and III-B and that Action Plan and Progress Reports are monitored as per Formats IV, V and VI as well as Formats VII and VIII. The Convergence Committees, in short, will be responsible for both implementation of the Scheme and its monitoring.

16.3 The State PMAGY Convergence Committee will be headed by Principal Secretary, Social Welfare Department and would have Members from other concerned departments with which convergence would be required under the Scheme. Similarly, the District PMAGY Convergence Committee will be headed by the District Collector and would have Members from the other concerned Departments.

16.4 The Village PMAGY Convergence Committees will be headed by the Sarpanch of the village and will have all SC members of the Panchayat and concerned line officials viz. AWWs, Asha workers etc. This Committee would be responsible for conducting Need Assessment, collecting the baseline data, preparation of the VDP as well as implementation and monitoring of the Scheme in the village. **The Committee will be assisted by one of the SC member of Panchayat from the village, who will be the Member Secretary for the Committee.**

16.5 *The indicative composition of the three convergence Committees will be as per Annexure-*
Pradhan Mantri Adarsh Gram Yojana

IX. However, the State/UT Governments may include or exclude any members if in their opinion it is in the interest of the Scheme to do so. While the State level Convergence Committee will meet once a quarter, the District and Village level Convergence Committees need to meet once a month to ensure smooth execution of the Scheme.

17 Programme Directors at various levels

The Member-Secretaries of the Central and State level Steering-cum-Monitoring Committees will act as the Programme Director, PMAGY, at the National and State levels respectively. Similarly, the District Collector will be the Programme Director at the District level and he/she will be assisted by an officer of the rank of ADM, or the CEO of the District Panchayat/ Zila Parishad. At the village level, the Programme Director will be the Sarpanch. The Programme Directors will be responsible for successful implementation of the Scheme and its implementation as per the time frame prescribed in the next para at 18.

18 Time Frame

*The time limit for utilizing PMAGY funds i.e. 'Gap-filling' funds will be **Two(02)** years from the date of release of funds for all selected villages; new villages as well as villages selected under additional round of funding. Convergent implementation, however, will continue for another **Three(03)** years at least in all the selected villages in order to ensure maintenance of the basic 'Adarsh Gram' milestones, and stabilization and improvement in the Monitorable Indicators.*

19 Monitoring Mechanisms: Submission of Progress Reports, Monitoring, Management Information System (MIS), Evaluation and Social Audit

19.1 *The Programme Director at District level will update the progress of work of each selected village in formats IV, V and VI. In addition, the District PMAGY Programme Director will furnish the MPR as per Format VII while State PMAGY Programme Director will furnish the MPR as per Format VIII. All the Formats I to VIII are at Annexure-X.*

19.2 *The performance under the Scheme will be reviewed by the various Committees at different levels from time to time.*

19.3 *An effective & centralized MIS would be put in place, which would capture computerized database of the selected villages, including baseline values of the Monitorable Indicators. Improvement in these Indicators after PMAGY interventions begin will be monitored periodically. This MIS will also be used for monitoring the progress in implementation of the action planned under various Schemes whose convergent implementation is sought to be achieved in the villages, and also the activities undertaken under the 'Gap-filling' component.*

19.3-A *A Project Implementation Cell (PIC) would be set up in each District to monitor the progress of need assessment, ensure convergence, timely holding of the Gram Sabha etc. i. e. all steps that are required for finalization of VDPs and execution of the same. The PIC would be manned by Young Professionals(YPs) and shall appointed by the District Level Convergence Committees (DLCCs). The Young Professionals should be below the age of 25 years, having qualification of at least a Bachelor's Degree from a reputed institute, having high social consciousness and preferably belong to the Scheduled Castes (SCs) category. The total no. of YPs in a District would be @one person per 25 villages. For Districts having less than 25 villages, the DLCC of that District would identify an exclusive person(s) who will form the PIC. The total cost for engaging such YPs shall not more than a total of Rs. 5.00 lakh for 18 months per person.*

19.4 The “administrative expenses” provided for under the Scheme will be utilized for the following items:

1. Development of a suitable Centralized MIS software for the scheme;
2. Hiring of manpower, with appropriate skills, on short term contract for operating the MIS as well as cost of running Project Implementation Cell(PIC); and
3. Provision of computer facilities, where absolutely necessary, with internet connectivity.
